

MagTest

LED Inspection Lights

MY-2 UV-A

MY-2 White

Application:

Use with MagTest MY-2 Electromagnet to have convenience of combined magnetization and either White or UV-A inspection light.

MY-2 UV-A

Fit in 30 seconds

MY-2 White

Fit in under 2 mins

Features:

- Very small and lightweight
- Does not obstruction inspection area
- Angle of light can be adjusted to illuminate inspection area
- On/off at same time as MY-2 (no switch required)
- No outside power source require
- Easy mounting and dismounting
- Robust – Resistant to Chemicals
- Long service life with eco-friendly LED's
- Nothing to go wrong

Product Specification

	UV-A	White
Power	Works with 110V 60Hz or 220V 50V	
LED Power	AC 14V 50/60Hz	
Lamp Type	Single LED	Three LED
UV Intensity at 70mm	2,680 μ W/cm ²	140,400 cd/m2
UV Distribution	130mm Radius (MY-2 Pole span 260mm)	NA
Wavelength	365nm	700nm
LED Lens	Quartz	Protective Glass
Lamp Tilt	5 Deg	90 Deg
Lamp Size (approx)	1½"x¾"x¾" / 35x16x16mm	1½"x½"x½" 35x15x15mm
Overall Size (approx)	3½"x2½"x1¼" / 85x60x30mm	2½"x 2"x1" / 60x45x25mm
